March 23, 2026

Dear Dust Control Customers:

Once again, we will be using Lignin Sulfonate for dust control since it is non-toxic to the environment. A minimum of 300' is required. Depending on weather and county approval, the first application will be May to early June, the second around July 4th, and the third around Labor Day. Weather conditions throughout the season (very rainy/dry) can affect the duration of control. As a result, 2nd and 3rd application dates may be adjusted and/or additional applications may be needed, for consistent dust control. You can call our office at any time if you wish to add an additional application. For best results, we recommend *at least* 3 applications for season long control.

We ask that you return the bottom of this form with your dust control needs, by May 12th. All preorders received by May 12th, will be on our scheduled route. Any orders that come in after May 12th, may be subject to a \$50.00 upcharge. Remember, if your needs should change during the season, or if you have any questions, please call our office at the number listed above. Please flag both ends of area to apply on property side of road. Can do parking lots, driveways for a set fee, call office for pricing. You will be billed out after first application and must be paid before second application will be done.

THANK YOU!

Pricing for 2026 is as follows: (please check one)

SINGLE APPLICATION

300' \$544.85 INCLUDES TAX _____
